

RBdigital magazines for Apple and Android devices

RBdigital is the library's digital magazine service. Check out issues of magazines like *Chicago*, *Cosmopolitan*, *Vanity Fair*, *Us Weekly*, and *Family Circle* to read on your computer or mobile device. If you used Zinio, this is the same great collection with a new app.

1. Whether you are using an Apple or an Android device, begin at <https://www.rbdigital.com/elmwoodparkil>. Click on Create New Account at the top right corner of the screen. Enter your name, email, and a new password to create an account.
2. Search the Google Play Store or Apple App Store for RBdigital. It will appear as RBdigital or One Click Digital. Download the app and sign in with your account.

3. Tap on the three horizontal lines at the top left corner to get the menu. From here, you can tap on Magazines to browse and checkout magazines through the app. You can also go to the magazines you checked out by tapping on Checked Out. When looking at your checked out magazines, tap on Read to open that issue or tap on the X at the top right corner of the cover to delete that issue. When browsing magazines, tap on Checkout to borrow the most recent issue or tap on the cover to view all issues.

4. Do you want your magazines to automatically download for offline reading when you check them out? Tap on the settings icon, then tap on Auto-Download Titles. Tap on the slider to enable this feature.
