

Friends of the Elmwood Park Library

We understand that every year you have to consider what you want to donate to, and we hope you consider supporting your local library Friends.

Thanks to the support of our community & local businesses, the Friends group has sponsored many programs, collections, and building improvements for both youth and adults. These include online genealogy, summer reading club, cooking and floral programs, an outside bench and butterfly garden, explore -to-go science kits, and much more.

Without your membership support, and your most kind monetary donations, as well as book, music, and DVD donations for our sale shelves in the lobby, none of this would be possible.

Suggested donations are \$5.00 per person or \$25 per business per year, or any additional contributions should you share our passion for the Library. Checks should be made payable to *Friends of the Elmwood Park Library* and mailed or dropped off at the Library's Front Desk.

We welcome you and are thankful that you choose to be a member of our organization. We sincerely look forward to meeting you and and telling you about our activities.

We thank you for your continuing support in this coming year as we make this the best library in the suburban area.

Best regards,
Friends of the Elmwood Park Library
